#### **How to Measure**

- Chest Measurement: taken with a deep breath, arms held out at shoulder height. Go directly over shoulder blades on back.
- 2. Waist Measurement: taken at natural waistline, on-or-around belly-button
- 3. Hip Measurement: taken around the fullest part of the buttocks
- Torso Measurement: taken from the center of the shoulder, down the front, between the legs, and up to the back to the starting point.

#### **Rules of Thumb**

- Destira leotards run fairly true to size. Most often, a gymnast will wear the same size they wear in street clothes. For growing room, buy one size up.
- Metallic fabrics have less stretch and will have a tighter feel when worn. Keep fabric type in mind when choosing size.
